Publication Infographic: How Specialty Food Ingredients help meet specific dietary needs

For information

Dear All,

This is to inform you that the final infographic 'How Specialty Food Ingredients help meet specific dietary needs' has been published on the EU Specialty Food Ingredients website [here](#) (accessible through the website library and through the 'Ingredients & Benefits' page).

The infographic will be promoted in the coming days and weeks through different actions:

- News post on the website homepage ([here](#));
- Promotion on the EU Specialty Food Ingredients [LinkedIn page](#) (also with targeted advertising);
- Dissemination to stakeholders;
- Promotion through Euractiv.

We kindly invite you to further share the infographic with your network.

Kind regards,

Federica Femia
